Advantages of SmartCash?

-  **No Third Party Involvement**
SmartCash's unique peer-to-peer technology is transforming the way everyday people do business.
-  **No Fees**
No third party involved. No fees. Receive payments instantly with immediate access to your funds, and no risk of charge-back fraud.
-  **InstantPay Transactions**
Transactions approved and irreversible within a few seconds.
-  **Safe & Secure**
Your Private Key ensures that you are the only person who can access your funds.
-  **Convenient & Easy to Use**
The customer can use their mobile device or their SmartCard they've printed out. They don't need an internet connection. Only the business does.
-  **No Cost to Start Accepting**
If you've been accepting credit cards, most likely you already have all the hardware you'll need to start accepting SmartCash.
